

# Your Partner For Success

As we have grown in size and capabilities, we have never wavered from our commitment to build trusted relationships with our clients based on personal communications, availability and responsiveness.

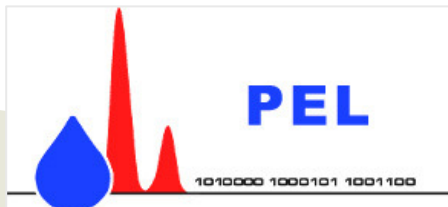

With acquisitions of Mitkem Corporation and PEL Laboratories, Spectrum Analytical, Inc. Featuring Hanibal Technology has evolved into a leading specialized environmental laboratory with locations in Agawam, MA, Warwick, RI, and Tampa, FL. We provide quantitative analysis of soil, water, air and other matrices. Consulting firms, industries, municipalities, universities, and the public sector depend on us for quality analytical services in a timely manner. To meet the evolving needs of our clients we have dramatically expanded our business and made significant investments in leading-edge technology while maintaining stringent Quality Assurance / Quality Control (QA/QC) standards.

*In addition to a full range of environmental testing in various matrices, Spectrum Analytical, Inc. Featuring Hanibal Technology offers unique specialized services. The combined capabilities of our facilities provide analytical data in the following areas:*

- Custom Air Analyses
- Treatability Laboratory
- Forensic Environmental Geochemistry
- Contract Laboratory Program (CLP)
- Air Force Center for Environmental Excellence (AFCEE)
- International Business
